Embargo is Lifted from the 7/01/2020, start moving abnormal again.

Note
 During these periods, excluding dates shown on the schedule as embargo days, consideration will only be given in event of emergencies or on non holiday routes, subject to written motivation with all applications & route description. Additional restrictions / conditions could be imposed during these periods.

Note
 We do not recommend travelling on a public holiday even if the wording does not appear on a permit in condition 9A in some provinces. We find that traffic officers do not interpret the conditions correctly and impound the vehicle's and issue summons.
