No Traffic Officer Escorting loads - Other Loads may be applied for.  
 A motivation for the necessity of the movement & detailed route description required - No traffic officer escort loads

**Embargo is Lifted from the 17/01/2022, start moving abnormals again.**

Note

We do not recommend travelling on a public holiday even if the wording does not appear on a permit in condition 9A in some provinces. We find that traffic officers do not interpret the conditions correctly and impound the vehicle's and issue summons.

NB - No Abnormal travel over weekends

During these periods, excluding dates shown on the schedule as embargo days, consideration will only be given in event of emergencies or on non holiday routes, subject to written motivation with all applications & route description.  
 Additional restrictions / conditions could be imposed during these periods.
